SPECIFIC— S/W Training and Supplies for TILBURY-1 C

REFERENCE: C 323

1. In response to reference cable the undersigned arrived in Stockholm on the evening of 31 October. That evening and the following morning the S/W needs of TILBURY-1 were discussed with the case officer, C. Due to the operational requirements, two, two-way S/W systems were required.

2. TILBURY-1 was trained in the use of carbon #30107 and development #20600. These systems are for TILBURY's use between the target and PEPRIME. In addition TILBURY-1 was given instruction in the use of #10104 and development #40601-C. It is intended that the latter two systems will be given to VALDEMAR, who is considered to be under control.

3. C was given four #31417 (SF) carbons and fifty #21810 which were to be turned over to TILBURY-1 just prior to his leaving Stockholm.
